GIK MARKETPLACE

GIK QUARTERLY NEWSLETTER

MOVING AT THE SPEED OF NEED

VOL 1. NO. 1
Q3 2026

Supplier of the Quarter
Primo Brands

When flood victims and volunteers were in desperate need of water to keep rebuilding efforts going under the scorching Central Texas sun, **Primo Brands** stepped up and delivered a full truckload of needed hydration from their Ozarka and Pure Life brands. Within a week of the request coming in, with thanks to **ALAN** and **UPS**, bottles of water were being passed out to volunteers and at community events. GIK is proud to partner with Primo.

Receiver of the Quarter
GEM USA Southwest

After Kerrville, Texas flooded for the second time in 12 months, **GEM USA Southwest** under the direction of **Conan Scott** activated their response. With a 20,000 square-foot warehouse at their disposal, the team has received and distributed pallets of essential resources, while coordinating response and recovery operations. Though media coverage has moved on, they have continued to support that community as they rebuild.

Individual of the Quarter - Alexia Nobles

Alexia Nobles, Humanitarian Programs Manager at the **American Logistics Aid Network (ALAN)** makes donated goods move. Corporate donations are incredibly valuable, so long as they actually reach the people that need them. Fortunately for our nonprofit partners, Alexia has the solution. Always looking for opportunities to get donated logistics and ease financial burdens, she's our individual of the quarter.

GIK Updates

We're featured in the recent FEMA VAL Snapshot. Find it at https://www.gik.org/recent-news

Go to gik.org/demo to meet with someone from our team and learn more about the platform.

GIK is a centralized marketplace that moves vital resources from corporate suppliers to nonprofits with efficiency and transparency.
